If you use Adobe products, you've got a big decision to make. The Creative Suite is no more, and the latest versions of Adobe's leading design software packages such as Photoshop, Illustrator and Dreamweaver will instead be released exclusively through its subscription service. Which means these titles will be called not, as we'd expected, Photoshop CS7 or Illustrator CS7 etc but Photoshop CC ...

Color management in Creative Cloud applications. Currently, there are two different types of color management in Creative Cloud; while they both have similar goals, the approach and configuration are different. Regardless, all Creative Cloud apps require the ICC profile to be properly set in the OS to match the monitor's active color preset.
