### Nikola Tesla - From Colorado to Long Island: Research ...

One of Colorado Spring's most famous visitors was electrical engineer and inventor Nikola Tesla, who in the spring of 1899, set up a laboratory on a small grassy hill in what is now Knob Hill. Tesla was drawn to Colorado Springs by the same qualities that brought thousands of tuberculosis patients to the mountain city—the city’s thin and dry air. But unlike the city's many residents, Tesla was not looking for a cure.
