Siemens also offers pad-mounted distribution transformers with the same ratings as pole-mounted units. Pole-mounted distribution transformers are specifically built for applications in North America because the electric grid there differs from those in other parts of the world, such as Europe or Eastern Asia.

Fluid-Immersed Distribution Transformers - Siemens Global

Siemens presents its latest innovation highlight: The Tractronic ® Thinity TM transformers will be installed in the trendsetting Siemens regional train platform Mireo ®.The highly innovative transformer design results in an ultra-low weight of the infinity-symbol shaped Tractronic ® Thinity TM transformer (approx. 25% less weight). The decreased weight will not only make the trains less
